Breaking news Trump announc... 11:05 AM 6/13/2026

NOTE :- question one is done I have added the security group for the port 80 in the aws

Question 2:-

..

In this I have created the volume name the student data

In that make the file info.txt and in that write the data of the name and the roll no and all

Question 3: -

```
aws [Alt+S] Ask Amazon Q United States (N. Virginia) Rohit

-> [internal] load build definition from Dockerfile
-> => transferring dockerfile: 187B
Building 0.4s (2/2)
